BACKLASH *(Commentary from the Board of Directors)*

July Membership Meeting

Unless you are a hand line or a cane pole angler, you are bound to have at least one fishing reel. These reels come in many styles, come from many manufacturers and are the basic machinery of angling. These mechanisms are used in a harsh environment and very often do not get the TLC they deserve. Toby Bell will present an illustrated discussion on the repair and maintenance of fishing reels. Toby repairs reels and often handles the overflow work from local sources of reel repair. Toby is going to join us for dinner before the meeting. After his presentation, Toby will answer your questions about reel repair and maintenance.

CALENDARS - CALENDARS- CALENDARS

Many thanks to John Butrico for stepping forward and taking up the leadership of the Virginia Anglers Club's annual Department of Game and Inland Fisheries 2005 / 2006 calendar sale this year. John will have the new calendars at the July Membership meeting. Please round up your normal customers and cultivate new sales. We will sell the calendars at \$8.00 each. The club has ordered 300 calendars. If you know how many calendars you need, please get up with John before the meeting, so he can be sure you get the quantity you want.

President Lynn Spurlin Speaks at the ASMFC Menhaden Meeting

VAC President Lynn Spurlin spoke on behalf of the Virginia Anglers Club at the ASMFC meeting on July 12, 2005. The ASMFC panel at the meeting sought public input concerning a possible cap on the reduction menhaden fishery. Lynn told the panel that the cap should apply to the reduction fishery in the Chesapeake Bay only. He further said the cap should be the mean of the last

five (5) years' total reported menhaden catch reported in the Chesapeake Bay. The cap, said Spurlin, should be kept in place for five (5) years to allow studies and science to determine the effects of the menhaden in the Bay.

A total of eight (8) members of the VAC were part of the audience, which was made up of mostly sport fishermen. Most speakers told the panel that they supported a menhaden management plan for the Chesapeake. Club Member and Vice President of the Coastal Conservation Association of Virginia, David Nobles, has put a lot of effort into promoting a cap of the reduction menhaden fishery on behalf of the CCA of VA and was an active participant in the July 12th meeting. The July VAC Board of Directors' Meeting was cancelled so some board members and officers could attend the ASMFC meeting. The Richmond Times Dispatch and the Virginian-Pilot were among the newspapers that carried articles about the meeting.

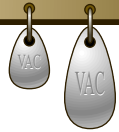

Scale Testing is Available On Request at the Monthly Membership Meetings

Do you have a set of scales that needs certification for use in the VAC annual tournament or for submission of IGFA world record catches? VAC Weigh Master Larry Allen will take care of your needs during the break at Membership Meetings. Larry has his vehicle rigged up so he can do certifications in the parking lot and not have to lug all of his certification equipment into the Skilligalee. Just get up with Larry before the business session of the meeting starts and he will be ready to help you at the break. Special non-meeting night scale certifications are also possible. Just give Larry a call and he will set you up with an appointment.

Kelly Stafford Has A Permanent Phone Number Now - Give Him a Shout

Kelly Stafford now has a permanent phone number in

Continued on Page 2...

BACKLASH continued from Page 1.

Texas. He would welcome your calls. His permanent number is 817-496-4604. He and Mae now have permanent quarters and do not share his daughter's phone number as they did just after arriving in Arlington, Texas.

Want to Order A VAC Golf Style Or "T" Shirt?

Are you interested in ordering a VAC golf style shirt or a special "T" shirt? See Eddy Johnston at the July Membership Meeting. Eddy will take orders for these garments.

For the Leadership of the Virginia Anglers Club,

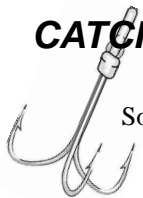

John Wetlalufer, Sr.

Fred Murry with red drum from last month's ES tournament

CATCHY COMMENTS

by Dennis Cline

Sorry y'all, no 800-point fish to report this month! With Johns Creek closed during the hot weather, catches have reverted to more normal point values and a bit of sanity has returned to the angler of the year contest! Our June angler of the month was **Bruce Henderson**, with **Elly Robinson** claiming second place. Bruce's fish was a potential world record red grouper ("grouper, other" in our lingo). It weighed in at 21-8 and scored 404 points. It is a club record for 12 general. Elly's fish was another red grouper landed about an hour later. It scaled out at 21-0 and scored 395 points. Congratulations guys!!

There is only one new freshwater entry to report. **Lynn Spurlin** set a club record for a 0-14 warmouth caught on 2-spin from Dragon Run. This is Lynn's and the club's second warmouth entry since the species was added to our freshwater list several years ago!

Scott Johnston made the club's first entry for spot, which was added to the club's saltwater list of recognized species this year. Though the spot was not much to brag about at 8 ounces, it was caught on 4-fly using a clouser. You had to know that Scott would show us that it could be done! Scott also added a 2-4 Piankatank croaker on 8-fly to his list of club records.

Buddy Noland is working on a new technique for catching weakfish. I think he calls it "spadefishing". The secret is probably in the details, but on the surface it looks like he really was spadefishing with a piece of clam on a hook! Anyway, the first entry he has

Continued on Page 3...

Upcoming Angling Events

James River Smallmouth/Flathead Sat-Sun, August 20 & 21, 2005

Location: All of the James River.

Time: 5 a.m. Aug 20th to sunset Aug 21st.

Awards: 1 cup highest point smallmouth (100pt.min.)
1 cup highest point flathead (100pt.min.)

Report in: Call chairman within 5 Days.

Chairman: Bob Brown - Cell: 804-833-2786
Home: 804-746-1934

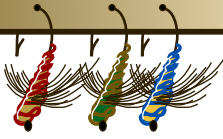

Chesapeake Bay Spotted Seatrout and Spot Sat-Sun, September 24 & 25, 2005

Location: All of Chesapeake Bay.

Awards: 1 cup highest point speckled trout
(100 pt. min.)
1 cup highest point Spot
(100 pt. min)

Report in: Call chairman within 5 Days.

Chairman: Bob Brown - Cell: 804-833-2786
Home: 804-746-1934

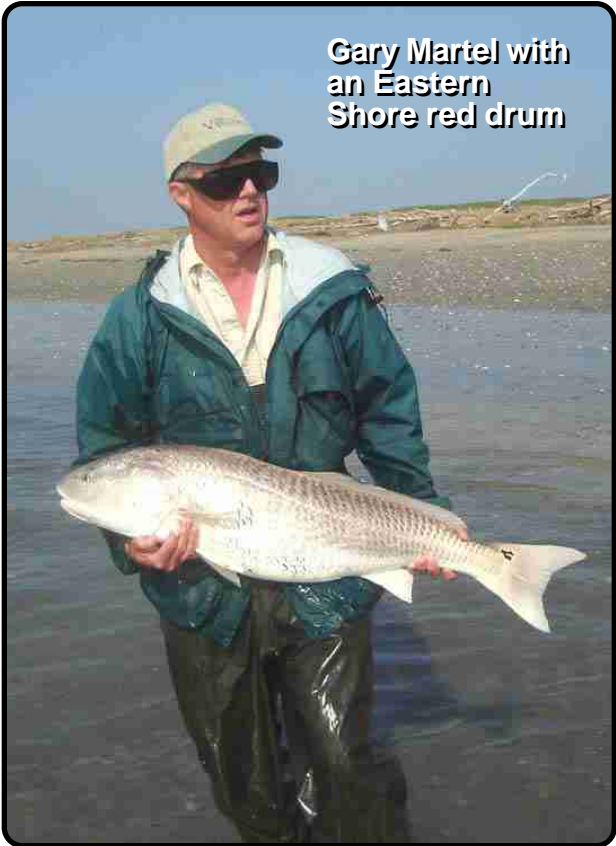

CATCHY COMMENTS continued from Page 2.

made with this new technique was a really nice 9-0 on 6 general! If you spot him at the "Cell", you might want to sneak in close and try to figure it out.

In a recent trip to the Triangle wrecks, **Buddy and Danny Noland** landed good numbers of black sea bass, including a couple of good entries. Buddy's fish was a nice 4-2 on 6-plug worth 305 points. Danny landed a 2-10 on 2-plug that scored 308 points.

My last foray to the ES surf in mid-June netted one nice 46-0 red drum in a week of fishing. The spots I fished were covered up with big butterfly rays ranging from 4 to 7 feet across the wings! After several consecutive days of that mess, I decided our annual trek back to Iowa looked like a good idea! When I returned, I found a surprise in the mail. There were three tag-return reports from Claude Bain, and one in particular was quite interesting.

A 45-inch red drum I tagged on the Ship Shoal Island sandbar on 5/26/03 had been recaptured. The drum was caught again on 6/13/05 by a crewmember on the charter boat "Chaser", approximately 2.5 miles off the beach at Frisco, NC. I think this is the first Virginia tagged adult red drum in the VMRC study to be recaptured outside state waters. There have been several returns from NC of juvenile red drum tagged in VA, but no adults to my knowledge. My guess is that the charter might have been targeting cobia. On my trip last June with the two Scotts, I caught a red drum off the Hatteras light when a cobia spit my jig and I let it sink before I resumed jigging.

Gary Martel with an Eastern Shore red drum
