### September Membership Meeting:

Tuesday, September 22nd, 2009 at 7:00 PM

#### Skilligalee Restaurant

Glenside Ave, just North of Broad Street  
Come ~ 5:30 PM and enjoy good company over dinner from the menu

### AUGUST SPEAKERS SALUTED

Virginia Anglers Club Members Greg Cramer and Mark Douglass were the featured speakers for the August Membership Meeting. Greg will spoke about Repo Boats: Good Buys but What to Watch out For. Plenty of good facts about selecting a used/repo boat came from Greg's presentation. It takes a tough guy to stand among his peers and admit he bought a boat without a steering wheel. Mark gave a detailed talk about Cobia Fishing with plenty of information shared during the Q & A part of the presentation. If you did not pick up one of Mark's double page "class notes" about cobia fishing, you might was to see Mark and get one to add to your book of angling knowledge. Thanks to Greg and Mark for sharing informative and easy to listen to presentations.

## **BACKLASH**

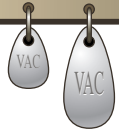

*(Commentary from the Board of Directors)*

### SEPTEMBER – ANGLING FOR SPECKLED TROUT

One advantage of belonging to the Virginia Anglers Club is the availability of some really great information about various types of angling. Members often have skill in catching and have spent a lot of time angling for specific species. VAC Members Larry Allen (weigh master) and Wilson Nobles have gotten up a program about angling for speckled trout. This species puts up a good fight and is not all that shabby coming out of the frying pan for a meal. The Virginia Anglers Club thanks Larry and Wilson for offering to share their knowledge and experience as speckled trout anglers.

### 2009 ANGLING YEAR AWARDS BANQUET – JANUARY 23, 2010

The Awards Banquet at which the 2009 Angling Year Awards will be presented will be held Saturday, January 23, 2010 at the Skilligalee Restaurant. Please note this on your 2010 appointment calendar now. The price, yet to be set, will be lower than last year's banquet price. More details will come as they are developed in future copies of the Angler.

BACKLASH continued from Page 1.

## **THREE NEW MEMBERS VOTED IN AT SEPTEMBER BOD MEETING**

Travis Papenfuse, Mike Sweeney and Bob Schepker were voted into membership during the September Board of Directors Meeting. Travis' sponsors were Johnny and John Wetlaufer. Travis has been interested in the VAC for a while, but class schedules at VCU were understandable conflicts that are now in the past. Mike and Bob's sponsors were Vic Skakandy and Glenn Carter. Mike and Bob are active anglers and you may have seen them working as "staff" at many ACCA-VA Rockfish Tournaments in the late fall out of Deltaville. Pictures of the new members are elsewhere in this issue of the Angler. (Be careful not to get new member Bob Schepker and our good friend up at GreenTop, Bob Stepke, mixed up... the first names are identical but the last names are not, even though they sound similar when spoken.).

## **VAC WEBSITE "FOR SALE" INFORMATION VISIBILITY INCREASED**

Posting and viewing fishing gear, boats, etc. for sale by VAC Members was restricted to the "Members Only" section of the web site. By vote at the September BOD meeting, the Directors present voted to approve moving "for sale" information to an area of the web site at which all people logging in to the website can read this "for sale" information. However, entering "for sale" information will be restricted to members who have requested and received registration from Webmaster Johnny Wetlaufer. The Board felt that posting should remain with members to keep unwanted "for sale" items being posted by non-members. A member with posting privilege can still post a "for sale" item belonging to a known friend or of interest to club members.

## **DGIF CALENDARS AVAILABLE AT THE SEPTEMBER MEMBERSHIP MEETING**

Special Activities Chairman Don West has a supply of the 2010 edition of the Virginia Department of Game and Inland Fisheries Outdoor Calendar which will be available at the September Membership Meeting. He found out that the date of release-for-purchase of the calendars by the DGIF missed the August Meeting date by about a week. Don passed a sign up sheet around at the August meeting for order requests and has arranged for calendars to be delivered to those who signed up for calendars. Please come to the September meeting with you calendar needs known. Don will be distributing calendars at the September meeting. Individual calendars will also be available for sale at the September Membership Meeting.

## **OCTOBER SALT WATER FISHING SEMINAR PLANNED FOR OCTOBER 17-18<sup>TH</sup>**

Mike Ostrander is working with Bob Strepka, Marketing Manager for GreenTop Sporting Goods, in planning a salt water themed fishing seminar that is a follow up to the very successful fresh water seminar held this spring at GreenTop as a joint venture of GreenTop Sporting Goods, The Fly Fishers of Virginia and the Virginia Anglers Club. Mark this date on your calendar and plan to attend. Mike needs speakers from the VAC. Presentations do not need to be fancy or lengthy. Please help Mike out if you can.

## **VAC SUPPORTS DGIF REQUEST FOR ESTABLISHING A DGIF ADVISORY GROUP**

Bob Duncan, Executive Director of the DGIF, sent a letter to VAC President Vic Skakandy requesting that the VAC send representation to an October 9<sup>th</sup> meeting at which Bob will "update you (the reps attending) on the Department and determine if there is support for the establishment of a DGIF Advisory Group that can serve as a conduit for discussing wildlife management and boating programs, issues and opportunities here in Virginia". Directors Eddy Johnston and John Wetlaufer, Sr. will represent the VAC at the meeting. In some years past, a group similar to this was active and did some good work in support of the Department. Eddy and John will report back to the BOD in person and to the club membership via an article in the October Angler. If you have any related items or thoughts which you want Eddy or John to take with them to the meeting, please let them both know with a cc. to Vic.

For the Leadership Team

John Wetlaufer, Sr., Director

## CATCHY COMMENTS

by Buddy Nolan

With the combination of Northeast winds mixed with rain for the past several weeks, fewer anglers have had the opportunity to fish as indicated by the number of entry cards I've received. The cooler temperatures are signaling the summer species that it's time to leave the Virginia waters.

To start off the month, **Billy Nicar** caught some really nice Flathead Catfish. His first entry was a 28-0 Flathead on 8# fly worth 448 points which was not too shabby a catch! Several days later, **Billy** topped it big time with a 29-14 Flathead on 8# fly for 478 points. This catch not only sets a new club record for 8# fly and takes the fly division lead, but is a potential IGFA world record. If certified, the fish will replace **Glenn Carter's** current Flathead world record of 28-8 on 8# fly. **Billy** also ties his own "flies" for catching the big Catfish.

**Rob** and **Bob Brown** were fishing the Chesapeake Bay Bridge Tunnel with live bait on 8/13/09. **Rob** caught a 3-12 Flounder on 8# general worth 125 points. The Flounder has been such a hot and cold species with lots of smaller fish culled before one is landed over the 19 inch limit.

The next day, **Jamie Pitts** and his son, **Justin**, made the long run to the South Tower for some Amberjack. **Justin** landed a 45-0 pounder on a live Bluefish for a "youth" entry worth 173 points. **Jamie** caught a 47-8 Amberjack on 20# general with a live Croaker for 182 points. **Jamie's** entry is the "largest" Amberjack entered this year so far.

Also on the same weekend, **Ryan Noland** was finishing up the week at Hatteras fishing the Dixie Arrow wreck. **Ryan's** best catch was a 26-0 Barracuda on a green tube using 6# spinning tackle. The entry is worth 400 points and will take the "species" and "largest" leads for Barracuda.

**Vic Skakandy** was using Berkley Powerbait to catch a 5-0 Red Drum on 4# spin. **Victor** as fishing the flats off Oregon Inlet, N.C. for his 100 point fish.

**Mike Ostrander** took a day off from guiding on the James River for Catfish and landed a real nice Smallmouth Bass. **He** caught the fish on 6# general and it weighed in at 3-11 and was 19 inches long. The Smallmouth is not only a Club record, but will also take the "species" and "largest" leads.

To finish off the entries this past month, **Rob Choi** fishing Lynnhaven Inlet. **Rob** landed a 3-14 Sheepshead using a fiddler crab on 6# general. This being the first Sheepshead entered this season, he will take the "species" lead as well as the "largest" lead also.

Rob Choi with Sheepshead

Kayak full of Sheeps n Togs

George Atkinson with a nice 12# Red on 10# fly

Good fishing,

Buddy

## **ASMFC Weakfish Board to Meet September 28, 2009 to Approve Weakfish Draft Addendum for Public Comment**

Washington, DC – The Atlantic States Marine Fisheries Commission's Weakfish Management Board will meet September 28, 2009 at 9:30 AM (EST) via conference call to review and consider approval of Draft Addendum IV to Amendment 4 to the Interstate Fishery Management Plan for Weakfish for public review and comment. The Draft Addendum, developed in response to all time low stock abundance, will propose a range of options to reduce fishing mortality, including complete harvest moratoria and limited bycatch only fisheries.

It is anticipated that the majority of states will be conducting public hearings on Draft Addendum IV in October; a press release will be issued on those hearings once the information is available. The Board will meet again in November to consider public comment and take final action on the Draft Addendum. Under Commission procedures, the Board may opt to implement the Addendum under emergency action, with approved measures taking effect immediately upon Board action.

The public is invited to join the call and public comment will be taken as time permits. Please go to the Commission website under Meetings (<http://www.asmfc.org/meetings.htm>) for instructions to join the call. For more information, please contact Nichola Meserve, Fishery Management Plan Coordinator, at (202)289-6400 or <[nmeserve@asmfc.org](mailto:nmeserve@asmfc.org)>.

## **VMRC to consider emergency Action to close black sea bass on Sept 28, 2009**

In accordance with Section 28.2-209 of the Code of Virginia, a public hearing on the proposed regulations will be held at 12 Noon, on Tuesday, September 22, 2009, at the Virginia Marine Resources Commission, 2600 Washington Avenue, Newport News, Virginia. Written comments on the proposals should be mailed to:

Jack Travelstead  
VMRC Fisheries Management Division  
2600 Washington Avenue, 3rd Floor  
Newport News, Virginia 23607

Comments should arrive by 5pm, Monday, September 21, 2009. Copies of the proposed regulations may be reviewed, at the Commission, Monday through Friday, 8:15am to 5pm, and may be obtained by calling the Commission at (757) 247-2248.

**Black Sea Bass** Chapter 4VAC20-950-10 et seq.

The Commission invites public comment on a proposed amendment to this Chapter that would close the recreational black sea bass fishing season, effective September 28, 2009. The Atlantic coastal states' recreational black sea bass fishery is managed by a single coast-wide quota, and it has been projected that, without a closure, the 2009 harvest will exceed the coast-wide quota.

**New member  
Travis Papenfuse**

**New members  
Mike Sweeney  
and Bob Schepker**

## STURGEON RESTORATION EFFORTS

Here is Inger

TL 2220mm

FL 22160mm

Girth 1020mm

Weight calculated by length/girth function  
by Chuck Fredrickson, 92.5kg (204 lbs)

Two males were caught right behind  
her, both running milt and VERY FIESTY.  
Both were about 6' and weighed ~32kg  
(70lbs) each.

We couldn't get her into the boat so we  
towed her to shore.

We did not get any eggs. We rubbed her a  
couple of times but did not want to  
jeopardize health or spawning run anymore  
than we had to.

-Matt Balazik

She apparently was  
struck by  
something (prop)  
years ago in the  
caudal peduncle area.
