MEMBERSHIP MEETING

TUESDAY, NOVEMBER 27, 2018

Note: A double raffle drawing will be held to make up for October raffle not held.

BACKLASH

Commentary from the
Board of Directors

-By John Wetlaufer, Sr.

FORMER VAC MEMBER ROSS HOLSCLAW PULLS LINES

Former Virginia Anglers Club Member "Ross" Richmond Holsclaw, 86, passed away on Sunday October 7, 2016. Ross joined the VAC in 1984. Ross did not let living in Machipungo, VA on the Eastern Shore of Virginia slow him down. The majority of Ross' angling was done at/off Hatteras, NC. He holds the historic record for an 8 lb. Spanish mackerel on 30# General. Those who knew Ross found him a very friendly guy. Health issues prevented Ross from making the long drive to Richmond from Machipungo.

NOVEMBER PROGRAM BUILDING AN AMAZING CENTER CONSOLE

VAC Member and North Carolina Resident Brendan Strum had total access to the Regulator Marine manufacturing plant in Edenton, NC and has documented the step-by-step construction of a Regulator 31 with twin 300hp Yamaha 4 strokes hung on a bracket at the stern. This is a rare chance to see how one of the sturdy, sleek and popular center console boats are manufactured from a drum of resin to the finished product moored at the dock. Where's the dock? Actually, the 31 is moored at the bulkhead behind Brendan's home in Pirates' Cove in Nags Head, NC.

The Regulator 31

**SEPTEMBER PROGRAM
STURGEON RESEARCH UPDATE
MATT BALAZIK**

Matt Balazik Speaking at the September VAC Membership Meeting

Former VAC member Dr. Matt Balazik brought us up to date on the research of the Atlantic Sturgeon he did while at VCU. The presentation ranged from the life cycle of an Atlantic Sturgeon to statistics on how well the specie is recovering.

Life History of the Atlantic Sturgeon

His presentation was very well illustrated. Matt reported that, unfortunately, the batteries that power the transponders on specific sturgeon that Matt has tagged for VAC Members are now dead and no travel data is being generated.

When a Tagged Sturgeon Passes this Array, Data on the Fish is Taken and Stored

**COME UPON A DEAD OR
INJURED STURGEON?
WHAT SHOULD YOU DO**

Matt is the man to contact and to contact promptly. Contact Matt at 804-484-5300 (C) or balazikmt@vcu.edu

Matt can now give permission for people to work on his behalf. As long as the person is in contact with Matt, he/she can possess a dead sturgeon *but not a dying or injured* sturgeon. If a sturgeon is injured but not dead, it cannot be in the possession of anyone. Leave the injured fish alone and send the location, condition of the fish, and picture if possible to Matt.

If the fish is dead, it may be dragged to shore so Matt or his associates can later retrieve the carcass. A simple picture, time and location really help Matt and his associate researchers out. Location information can be geographic or a set of GPS coordinates. Be sure to drag the carcass so it will rest above any tide line.

Sturgeon Scales Are Impressive in Size

OCTOBER CONSERVATION AND LEGISLATION REPORT

[by Suzanne Lucas]

SNAKEHEAD FISH SHOW UP IN PENNSYLVANIA TRIB TO SUSQUEHANNA RIVER

A recent article in the Chesapeake Bay Media (an electronic newsletter from the publishers of The Chesapeake Bay Magazine) reported an angler in Pennsylvania recently caught a snakehead fish in a tributary to the Susquehanna River located in Lancaster County. The catch was made in the middle area of the run of the Susquehanna, the major source of freshwater flowing into the Chesapeake Bay. Thinking this forward, the reader easily sees this is another thread to the waters of the Bay. Here is the link to the article:

https://www.chesapeakebaymagazine.com/baybulletin/2018/9/19/first-snakeheads-caught-in-pa-creek-off-susquehanna-river?utm_source=ALL+Mail&utm_campaign=a7728e2b04-EMAIL_CAMPAIGN_2018_04_25_COPY_01&utm_medium=email&utm_term=0_39a7fb996d-a7728e2b04-178286733

ARE LED LIGHTS MESSING UP YOUR VHF RADIO'S OPERATION?

Again, from the Chesapeake Bay Media, comes another alert from the United States Coast Guard that LED lights on a boat (LED cockpit lights, spot lights, navigation lights, etc.) can interfere with the proper operation of your VHF radio. The article contains a simple test that any boat owner can do to verify if his communications are safe from LED light interference. The link is:

<https://www.chesapeakebaymagazine.com/baybulletin/2018/8/31/led-lights-a-hidden-hazard-on-boats>

TWO SOURCES OF EXCELLENT FRESHWATER FISHING INFORMATION FOR THE COMMONWEALTH OF VIRGINIA

The following link will take you to all you need to know about angling legally in the Commonwealth of Virginia and also on-line services offered by the VDGIF.

<https://www.dgif.virginia.gov/fishing/>

Also of interest in this webpage is a link to an interactive guide on finding the best places for the species of fish you want to catch. At the webpage, the angler can select species sought. She/he can then go to a map that shows suggested places to fish for the species you selected.

<http://vafwis.dgif.virginia.gov/findwildlifeva/#/findFish>

(1) Members may directly email the Conservation & Legislation Chairperson, Suzanne Lucas, at conservation@virginiaanglersclub.org

NOMINATING COMMITTEE LOOKING FOR LEADERSHIP TEAM CANDIDATES

Listed below are the positions on the VAC Leadership Team (2) that are known to being vacated at the end of the current Angling Year. The current holder of the position and a brief description of the duties of the position are also shown. Contact those noted for more information about the duties involved.

It does not take a long time to realize that filling these positions is critical for the continued life of the VAC. All of these coming vacancies must be filled by VAC Members. If you have not yet held a position on the Leadership Team, please think hard about stepping forward. Those stepping down from the positions noted have served on the Leadership Team for multiple years; some for multiple decades.

President

(Bobby Broughton)

Leads the BOD Meetings and the Membership Meetings.

1st VP – Programs

(Mike Ostrander)

In collaboration with Programs Committee, arranges speakers/programs for each of the nine Membership Meetings of each year. Leads meetings in absence of the President.

Treasurer

(Bill Butler)

Pays the bills and deposits the dues received. Records the income and expenses of the VAC on an existing spread sheet. Develops the budget for the coming Angling Year and reports income/expenses monthly to the BOD.

3 Directors

(For names, please see www.virginiaanglersclub.org and click on Leadership).

Vote on admission of New Members; approve proposed changes in Angling Rules, in By Laws (Members actually vote to pass the changes); approve the coming year's Budget. Term is three years.

Membership Chair

(John Wetlaufer, Sr.)

Meet New Members and guide them thru membership application. When their Orientation is completed, send their application out to the directors for their vote. When membership is approved, forward information to Web Assistant for inclusion in the member's Area of the Web Site. Suggested E-Mail texts for each step are available.

Banquet Chair

(Gary Green)

Make arrangements for the venue, menu and raffle prizes for the Annual Banquet (First Saturday in February).

Website Secretary

(Johnny Wetlaufer)

Maintain the technical aspects of the features of the VAC Website, modify and improve the website as requested and, with the help of the Web Assistant, add new member information to the membership rosters and ensure posted information is current and accurate.

Please let Bobby Broughton know (brbroughton@gmail.com) if you yourself are interested in being a part of the VAC Leadership Team for the 2019. Bobby will also be happy to get names of Members who you think will make good members of the Team.

The Leadership Team meets the second Tuesday of each month except July

SUGGESTED ANGLING RULE CHANGES FOR 2019 ARE REQUESTED

Angling Rules Chairman Fred Cousins is seeking suggestions for changes to the VAC Angling Rules for the 2019 Angling Year. Suggested changes can be modified basic weights, additions/alterations to individual angling rules, tackle change suggestions, award additions or modifications and changes to any other item found in the VAC Angling Rules.

Fred will review all items received with the Angling Rules Committee. The Directors of the VAC will review the recommendations of the Angling Rules Committee and vote up or down on these items. All changes will be communicated to Members in November issue of The Angler and will go into effect December 1, 2018, the first day of the 2019 Angling Year.

Please contact Fred Cousins at: cousinsf1@verizon.net or H (804) 740-3238

ANNUAL 2019 VDGIFF OUTDOOR CALENDARS - SOLD OUT!

Special Activities Chairman Don West has again led the VAC's Annual DGIF Outdoor Calendar Sale to another impressive conclusion. With the help of a number of VAC Members and a few non-Members, all 250 calendars have again been sold. Thanks to Don and all of those who have made this annual fund raiser again a success. Seven hundred and fifty (\$750) have been added to the VAC General Fund as the results of their efforts.

MEET NEW MEMBER JACK GRABENSTEIN

New Member Jack Grabenstein was voted Membership in the Virginia Anglers Club by the Directors on September, 2018. Coming from former participation in big game and waterfowl hunting, Jack now enjoys fishing for both freshwater and salt water species using light tackle, preferably fly. Jack also enjoys an occasional off-shore trip. He is short a swordfish and a spearfish to complete his Grand Slam of the World's Billfish. Over the past five years, Jack has caught four species of trout, LM and SM bass, rockfish, hickory shad, blue catfish and a peacock bass.

WANTED

VAC VIDEOGRAPHER

The VAC is looking for a Member to volunteer to be the VAC Videographer. The video person will be asked to take videos of the presentations at the Membership Meetings and other VAC events at which a record video will be useful the Members. The Videographer will work with the Website Secretary and Web Assistant to post videos on the Website as appropriate.

FOR SCALE CERTIFICATION, PLEASE CONTACT:

Larry Allen at: (804)-781-0907 (H), (804)-241-3706 (C)
or allenhouse75@comcast.net

Ryan Noland at: (804)-658-1955 (H), (894)-896-4178 (C)
or ryan.n.noland@usa.dupont.com

Please remember to be sure your scales are in working order, the barrels are oil free and are placed in a Zip-Loc type re-sealable plastic bag with your name written on the outside.
