## August Program Report

### Outdoor Access

Jamie Christensen

The Outdoor Access Co-founder, President, Chief Technology Officer Jamie Christensen spoke at our August meeting. Their goal is to provide members with a variety of recreational activities, while giving landowners the ability to share and preserve their land. Become a member and rent land to hunt or fish for a day, a week, or a season. The landowners have the control and flexibility of scheduling their properties. Here are a few highlights:

- A managed online platform
- 4 million in liability insurance
- Currently 5000 members
- 650 plus listings
- 68 percent of members bring a guest
- 89 percent of available land is within an hour from a metro area.

Outdoor Access is offering a discount of 30% off a premium membership to VAC, use code VAFISH when you signup.

## **PROGRAMS**

**September 22:** Kelly Sutton a retired dentist and Author, who recently visited Canada on a coast to coast road trip with his friend Greg. They fished and explored the country during their trip. After returning to Virginia they wrote a book about their experiences. He will have much info to offer on potential fishing options for VAC members that have an interest in planning a future Canadian trip. “Tune” in via Zoom and hear what Kelly has to say.

## **PREVIOUS PROGRAMS**

The ZOOM video links from previous membership meetings are located on web page under the Videos tab (Speaker and Educational Videos).

## President's Message

September 2020

### **It Takes a Fishing Village to Run a Fishing Club – Part II**

Hello and I hope the September Newsletter finds you healthy and with a few recent catches worthy of a card submission. With Fall rapidly approaching, the cooler weather means fishing will be getting hot once again in your favorite fresh and saltwater fishing holes. As for me, I'm lucky to have a few fishing trips under my belt this month with a couple decent catches. My favorite fish, the smallmouth bass, has been pretty good lately, and with the cooler nights this week (mid-September already), the bite should be off the chain.

As for meeting in person, it appears there is no end in immediate sight for our club to meet face to face. Perhaps this Fall, but it's looking more like some time in 2021. Keep an eye out for updates on our first event/meeting of the year on February 6, 2021, which is certainly a face to face type meeting, and that is the Annual Awards Banquet.

Regarding the "Fishing Village" in the title of this message, the leadership team is looking for someone to help out with Expeditions. Eric Webster has been overseeing the fishing trips for a few years now and is ready to work with someone in 2021 with the hopes of having it totally taken over in 2022. Expedition Chairman is a fun way to get involved and the sky is the limit when it comes to where we can go, and what we can fish for. Frank Hart has suggested making 2021 the year of the Freshwater Expert Rating and take the Expeditions and gear them towards catching the fish needed for this rating. Thus far, it has been well received and you can expect to see some different trips in 2021 with great opportunities to attain your Freshwater Expert Rating from the VAC.

We are also looking for help with the Newsletter as well. This is NOT a designer's job, and it does NOT involve creating the Newsletter. It involves collecting stories, photos and files and organizing them to send to our Newsletter designer/member, Rob Choi. This is a great way to get involved and Carter Clevenger has been doing a masterful job with the Newsletter for a couple of years now. Huge thanks to Carter for his dedication to the communications to our club.

On Tuesday, September 8, eight new members and a perspective member joined the leadership team on a "New Member" Zoom meeting. It was a fine evening of idea sharing and thoughts being passed arounds with the hopes of generating future activities for the Virginia Anglers Club. One of the highlights, in my opinion, was the ideas of new Expeditions, and offering trips for members to safely gather and fish together while getting to know each other.

There are still calendars for sale, and if you want to purchase one (or more) contact Don West, who is a calendar selling machine. He also has calendars available for members to take and sell as well. Thanks again to Don for his continued efforts and dedication.

**THE VAC ANNUAL  
CALENDAR SALE IS HERE!**

The Virginia Wildlife Calendars are here! The cost of the calendars this year remains at **\$8 each and is HALF of the current retail price of \$15.95**. These calendars are available for members to purchase or to sell for the club's fundraiser.

You can buy as many calendars as you want as they make great gifts. Or, if you want to sell them for the club, you can get as many calendars as you want and

pay Don later. For example, if you wanted 10 calendars to sell, you would take them and once sold, you can get a check to Don for \$80. All checks should be written to the Virginia Anglers Club.

Don West will personally deliver to you any number of 2021 DWR Outdoor Calendars you will need for your sales. Contact Don at 897-8723 (H), Frank Hart at 859-808-0431 (cell), or Mike Ostrander 804-938-2350

**7, 18, 22**

7, 18, 22, ... All seemingly insignificant numbers by themselves, but within the context of the Virginia Anglers Club, this number set represents the total number of Master Anglers, Freshwater Experts, and Saltwater Experts respectively over six decades of club history. Compared to the total club membership, the accomplished few suggest both the complexity and the impressiveness of this given achievement.

My personal goal is to obtain both Expert and Master Angler ranking. Current master anglers (Stuart Lee and Glen Carter) will both tell you that the difficult task of becoming a Master Angler is best accomplished with the help of likeminded friends. I too know the value of having a little help along the way, therefore, this open letter is a request to identify and encourage all club members to take this journey with me. A goal without a plan is really just a wish. Let's make a plan! Do you need a surface fish? Let's plan a trip to Smith Mountain Lake and target striped bass. Club expeditions with a specific target in mind should be a great way for us to initiate our common quest.

If you are even the slightest bit interested in achieving anger ratings, I encourage you to do the following things. Firstly, contact me directly so we can plan together, 859-808-0431, teach2hart@aol.com. Second, familiarize yourself with the requirements, don't catch the right fish on the wrong rod. Finally, submit your catches into the club data base. You will be surprised how helpful this will be along the way.

Best Regards,  
Frank Hart  
VAC Membership Chair

# FOR SALE

I have a 10wt Sage fly rod with reel and line that I bought new in 2009, and I will never use them. I test/practiced casted with them on the lawn a few times when new, but I never used them. They have never been on/in water. This, they are in absolutely new condition. They have been stored in a closet this entire time, and have no mold, dirt, or any such. In the following paragraphs I will describe the individual items.

The rod is a Sage Xi 2, 1090-4, #10 line, 9'0", 4 1/2 oz. I bought it from Cabela's for \$532.50.

The reel is a Ross Momentum GLD 6. I bought it from Cabela's for \$275. I have the original brand-new condition box with warranty card, etc.

The line is Scientific Anglers Mastery Series Quad Tip Saltwater, WF-10-F/S Green. The tips are as follows. 15' AST Floating. 15' Type I clear tip (1.5 - 2 ips). 15' Type III Wet Tip (3-5 ips). 15' Type V Wet Tip (6-8 ips). The line to tip connections are built in loop to loop. It has a "breathable mesh quad compartment wallet." I have the original box with spool in it. I bought the line, tips, and wallet as a one item set, from Cabela's for \$139.95.

Contact Fred Cousins for more information.
