NOVEMBER

MEMBERSHIP MEETING

Tuesday, Nov 24th, 2020

Meeting starts at 7:00pm

This will be a virtual (Zoom) meeting
link listed below:

<https://us02web.zoom.us/j/82737551376?pwd=Zmw2U2JOSjd0c2JpT2NkL1NXWm9BQT09>

THE 2021 ANNUAL VAC BANQUET

The 2021 Annual Banquet has been POSTPONED due to COVID-19; we are considering the option of having the awards at the VAC Fish Fry. More details to come!

VAC Angling Rules Questions?

Do you have a question concerning angling rules? If so, email your questions to Fred Cousins (cousinsf1@verizon.net). Fred will address questions during the next general membership meeting

YOUR 2021 ANGLING YEAR DUES ARE DUE DECEMBER 1st

Annual Dues for the Virginia Anglers Club are now due.
Payment can be made by PayPal as follows:

To pay Resident Member Dues (\$60) now, click here:
<http://tinyurl.com/vacdues>

To pay non-Resident Dues (\$40) dues now, click here:
<http://tinyurl.com/vacdues-nl>

(Why not pay now while these links are now open in front of you??)

Cash and Checks made out to The Virginia Anglers Club will also be accepted. Mail to:

Virginia Anglers Club
POB 70520
Richmond, Virginia 23255

PREVIOUS PROGRAMS

The ZOOM video links from previous membership meetings are located on web page under the Videos tab (Speaker and Educational Videos).

****NEWSLETTER HELP WANTED**

Assistant Position – Someone to help with the “Angler” newsletter, no experience needed. Contact Carter Clevinger (carter.clevinger@dominionenergy.com) if interested.

EXPEDITIONS

NONE SCHEDULED AT THIS TIME

REMINDER - THE VAC HAS A FACEBOOK PAGE NOW – GO TAKE A LOOK

You can visit the VAC Facebook page for a look by clicking on:
<https://www.facebook.com/vaanglers/>

NOVEMBER PROGRAM

Ever wonder how to custom paint a hard bait? Join tackle shop owner Donnie Bell and learn a few tricks of the trade.

Donnie Bell, Owner of the James River Tackle Company, will talk about what he believes are the important aspects of a hard bait. A Question & Answer session will be held, then Donnie will show us how he paints/customizes a store bought lure from beginning to end. The painting portion of the presentation will take about 25 minutes. Donnie is also an excellent rod builder and his shop offers custom rod building services. If you find yourself in Hopewell, VA, check out the James River Tackle Company located at 1410 W. City Point Road. Or check them out on face book at [\(20+\) James River Tackle Co | Facebook](#)

HOW TO JOIN A ZOOM MEETING

Email link:

1. You will receive an email invitation from the meeting host
2. Click on the link in the email (join via PC, Mac, iOS or Android)
- 3 You will be directed to the meeting

FOR SCALE CERTIFICATION, PLEASE CONTACT

Larry Allen at: (804)781-0907 (H), (804)241-3706 (C) or allenhouse75@comcast.net

Ryan Noland at: (804)658-1955 (H), (894)896-4178 (C) or ryan.n.noland@usa.dupont.com

Please remember to be sure your scales are in working order, the barrels are oil free, and are placed in a Zip-Loc type re-sealable plastic bag with your name written on the outside.

President's Message

November 2020

Hello. I greatly appreciate your patience as we work our way through this pandemic and our inability to meet face to face. The leadership team is committed to offering the safest angling and conservation opportunities we can to keep you engaged in club activities and I feel confident you will return as a member in 2021.

As we enter into the late fall and winter seasons, we each have a smaller circle of friends to fish with, and the fellowship we enjoy tightens, like the cinch of a uni-knot. With that said, creating club opportunities become more challenging ... which makes your input ever so valuable.

Our monthly meetings will continue online as we offer timely and engaging programs through the Zoom platform. Each program (not the entire meeting, just the program) is recorded and available to you on the membership side of our website. This is great for referring to the shared knowledge again or watching for the first time.

Expeditions will continue as either wade fishing trips, or small boat trips where you can fish with another member, friend or family member within your comfort zone. Our two upcoming Expeditions (Muskie-Nov 22 & Trophy Trout-Dec 19) as well as our developing 2021 Expeditions are focused on catching the freshwater species needed to attain VAC's Freshwater Expert rating. I think, 2021 will see more Freshwater Experts than any year in our storied history. Joe Brooks would be proud, as would all the founding anglers of the club.

I am currently (always actually) seeking input from you. Program & Expedition ideas or your interest in a leadership role are great reasons to call. Currently, the club is seeking to fill three new Board member positions, which is a three-year commitment (and it goes by fast). There are potential openings in committee positions and support with any filled committee is welcome.

One idea shared recently was to put together a "Lure Making Program". The idea is to offer a multi week, lure making program online for members. Personally, I think this is an excellent idea for the winter ... to learn how to make spinners, blade baits, etc. While you could do this by watching videos online, there something more to it when we can enjoy this type of activity with other friends. Synergy is the word that comes to mind and anytime you can create synergy, look for good things to continue.

Lastly, as the year is coming to a close, I am proud of the work members have done, and continue to do to keep the Virginia Anglers Club fire burning bright. It's very exciting to see how many new members are engaged in leadership activities, as members, old and new, embrace their passion for fishing and develop the VAC's future. From communications, including the newsletter, Facebook page and website to our Expeditions and skyward trend of the VAC's Conservation & Legislation arm, and how it is being shared throughout the club. Synergy again comes to mind. It's invigorating and truly makes me proud to continue as President in 2021. This is just one fisherman's opinion of course, and as stated earlier in this letter, your opinion and involvement are vital to thrive during these challenging times. Thanks for reading, Happy Fishing and I look forward to hearing from you!

Mike Ostrander
President, Virginia Anglers Club

Conservation and Legislation

We just wanted to start a list of conservation organizations that I believe align closely with the VAC's values. I am a member of the following organizations and would encourage any VAC members to at least checkout their websites to determine if they would like to support these groups. I strongly believe that each of these non-profits does tremendous work on behalf of advancing national conservation efforts related to fishing, hunting, and public lands.

Trout Unlimited

<https://www.tu.org/>

Mission: To conserve, protect and restore North America's cold-water fisheries and their watersheds

Backcountry Hunters & Anglers

<https://www.backcountryhunters.org/>

Mission: BHA seeks to ensure North America's outdoor heritage of hunting and fishing in a natural setting, through education and work on behalf of wild public lands and waters.

Theodore Roosevelt Conservation Partnership

<https://www.trcp.org/>

Mission: To guarantee all Americans quality places to hunt and fish.

Lastly, I wanted to share a few podcasts that I frequently listen to that really dive into conservation topics and are very educational and entertaining. I travel a lot for work so these are great to pass the time in the car. They are not all fishing related but still worth checking out if you find yourself traveling as much as me! My favorite is the MeatEater Podcast by Steven Rinella, he is very well informed and well versed on conservation topics. These are all available on the iTunes Podcast store, Spotify, etc...

MeatEater Podcast with Steven Rinella

<https://www.themeateater.com/listen/meateater>

MeatEater Fishing Podcast "Bent" by Joe Cermele & Miles Nolte

<https://www.themeateater.com/listen/bent>

Backcountry Hunters and Anglers: "Podcast and Blast" by Hal Herring

Cheers

Joe

Conservation and Legislation

CONTINUED

Notes from VSSA Board Meeting 11/10/20

Wind Power Development

VSSA has a representative on a state advisory committee who will report as development proceeds. This will be a major issue around Hampton Roads and seaside Eastern Shore, probably positive but requiring careful attention and plenty of public input.

Cobia Management

VSSA asks its members to support Virginia's efforts to reduce cobia harvest by 42% for 2021 and beyond under a new ASMFC addendum to the coastwide management plan. Even though VMRC has operated a no-cost Recreational Cobia Permit with mandatory reporting that covers all charter and private recreational anglers, the MRIP angler data program at NOAA Fisheries cannot or won't integrate data from the permit's reports to its random survey data. Another problem with the MRIP survey is that it doesn't cover boats leaving from private docks. Finally, COVID-19 has made it difficult for MRIP to gather any data from surveys at public docks.

That situation is frustrating to VSSA, and two board members are actively looking for ways to get the two agencies talking together to improve the data on Virginia's recreational harvest and releases. John Bello, the Chair of VSSA's Government Relations Committee, has a seat on VMRC's Fishery Management Advisory Committee (FMAC) and continues to press forward there on these issues.

VSSA's web site (<http://joinvssa.org>) offers us a memo on VMRC's and VSSA's cobia management surveys, which constitute public input of the new Virginia plan. Any VAC members who fish for cobia should participate in both surveys (if you haven't already). The Commission will vote on the 2021 regulations on December 8. Stay tuned.

Menhaden

With Ecological Reference Points in place, along with Total Allowable Catches for each of the Atlantic States, the stage is set for the 2021 and 2022 seasons. Omega is not projected to catch even its reduced Bay Cap this year, an unpleasant sign that the number of bunkers inside the Chesapeake is 'way lower than it should be.

There is an effort under way to reduce the Bay Cap in future years, along with extending the cap's demarcation line from the CBBT out to the COLREGS Navigation Demarcation Line that runs from Cape Henry to Cape Charles. VSSA has a member on VMRC's new Menhaden Advisory Committee who will argue strongly for both reducing the cap and moving its line further East.

Rockfish

ASMFC staff are preparing a draft Amendment 7 Public Information Document for consideration at the Commission's February meeting. VSSA will provide us with links to monitor that process. To learn more, visit the ASMFC web site [here](#).

VAC MEMBER PHOTOS

From Hook to Table

Fish Spread

Steve Knox

I first made this recipe in Key Largo, Florida in 2012. Gary and I had caught some blackfin tuna. We grilled a couple and had leftovers. The next day I made up this recipe to use the leftovers for lunch.

1 cup leftover fish, shredded (Can be any grilled or smoked fish. I don't know if fried fish would work or not - we never have fried fish left over!)

Sauce, all quantities approximate -

¼ - ½ cup mayonnaise

¼ cup chopped green onions (or scallions)

1-2 tbsp. horseradish

1 tbsp. Worcestershire sauce

2 tbsp. capers, finely chopped

1 tbsp. plus of lemon juice

Salt, pepper to taste

Optionals -

Fresh garlic

Tabasco

Shred the fish in one bowl. In a separate, smaller bowl mix the sauce ingredients. Taste the sauce and adjust as necessary.

Add the sauce to the fish in small increments. You may or may not need all the sauce. Do not add so much sauce that the fish becomes mushy.

Can be served immediately, but is best if refrigerated an hour or two. Serve over your favorite cracker or thinly sliced bread.

Store covered up to 24 hours.

THE VAC ANNUAL CALENDAR SALE WAS A SUCCESS!

The Virginia Wildlife Calendar Sale was a success! A big thanks to Don West for all his efforts selling a total of 225 calendars this year. This year's fundraiser was challenging with no face to face group meetings. Thanks to everyone who purchased calendars.

2021 VAC ANGLING RULE CHANGES

The Angling Rules Committee presented the new rule changes to the Board of Directors on 10/13/2020. The rule changes are based on input from VAC club members. The BOD has approved the rule changes and they will go into effect beginning with the 2021 angling year.

- Add kingfish (sea mullet, roundheads) to the list of saltwater species.
- Modify the length for shark release from 6' to 5' (fork length) to receive a release basic weight of 60 lbs.
- Reduce the basic weights for snakeheads.
- Reduce the basic weights for spotted seatrout.
- Modify the wording for the Youth Award to include the restriction that it applies to only non-club youth. See the following:

“Trophies will be awarded at the end of each angling year to any youth (non-club members), under age 18, fishing with a club member . . . “

If you have a questions concerning angling rule changes?
Email your questions to Fred Cousins (cousinsf1@verizon.net).

Reggie White fishing in Guatemala released 9 Pacific Sailfish in multiple tackle categories. Check out the catch database for details.

FOR SALE

I have a 10wt Sage fly rod with reel and line that I bought new in 2009, and I will never use them. I test/practiced casted with them on the lawn a few times when new, but I never used them. They have never been on/in water. This, they are in absolutely new condition. They have been stored in a closet this entire time, and have no mold, dirt, or any such. In the following paragraphs I will describe the individual items.

The rod is a Sage Xi 2, 1090-4, #10 line, 9'0", 4 1/2 oz. I bought it from Cabela's for \$532.50.

The reel is a Ross Momentum GLD 6. I bought it from Cabela's for \$275. I have the original brand-new condition box with warranty card, etc.

The line is Scientific Anglers Mastery Series Quad Tip Saltwater, WF-10-F/S Green. The tips are as follows. 15' AST Floating. 15' Type I clear tip (1.5 - 2 ips). 15' Type III Wet Tip (3-5 ips). 15' Type V Wet Tip (6-8 ips). The line to tip connections are built in loop to loop. It has a "breathable mesh quad compartment wallet." I have the original box with spool in it. I bought the line, tips, and wallet as a one item set, from Cabela's for \$139.95.

Contact Fred Cousins for more information.
